

Marion Mile Week 6

The sixth week of the Marion Mile was another great success as one hundred kids toed the line for the mile races. Marion Mile also hosted Edward Muge, a guest visitor from Kenya. For the fifth time in five attempts, fourteen year old David Friedman led the mile from start to finish in a time of 5:49 with Logan Patenaude and Connor Medeiros-Sweet in the next two spots. The top three girls all stayed within a few seconds of each other the entire mile as they all seemed very much aware of who they had to pass for the win. This week 10 year old Lulu Russell was the first across the line again in a time of 7:11 followed by Gwen McCain and Eryn Horan. Meanwhile in the race for the younger kids, 6 year old Ethan Somers and Meg Hughes battled the entire way for the lead as Ethan and Meg finished in 8:36 and 8:37 respectively.

It was fun to host Edward Muge this week. Edward is a 26 year old world class runner from the Rift Valley region of Kenya. Edward stretched with the kids, answered questions about his native country and even autographed some race numbers. Edward spent the week training at Tabor Academy while he prepared to run in the prestigious Falmouth Road Race.

Although many of the kids run hard to improve times or win their age groups, most simply run along with a smile on their face. The last race is on Tuesday, Aug 11th. All are welcome to run including newcomers as T-shirts are still available. Prizes will be awarded to the top three in each age group and the most improved based on performances in three or more races.

First	Last	Sex	Age	Week6
David	Friedman	M	14	5:49
